Dear Ron and Starla

I am taking this opportunity to thank you both, and your staff for making my daughter's wedding reception (May 21, 2016) a **huge** success. The venue was exceptional and classy; your aesthetic contribution and suggestions were on point and made the overall planning experience stress free (quite frankly it was painless, lol). The food and drink was impressive and a very pleasant surprise (quality and taste was great). The guests were thoroughly satisfied, and expressed numerous times how good the appetizers and dinner was (thank you for recommending **StoneFire Grill Catering Services**). The friendly and professional manner in which you and your staff served us and our guest speaks volumes to your commitment to excellence (we are still getting glowing compliments for the entire reception presentation). Please let your staff know they were wonderful.

You exceeded our expectations, and if we should ever (and we will) have another function, Castle Catering will be our pick.

On behalf of my daughter Ajiani Clemons-Preston, family and friends - THANK YOU!

Sincerely,

  
Michael and Linda Clemons
